

LEADER OVERVIEW

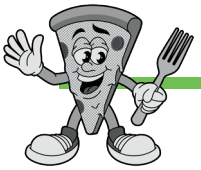

Family Faith Events help parents and their kids engage in memorable moments together and empower parents to openly discuss their faith and values with their kids. By infusing fun, worship, prayer, and intergenerational relationship-building activities into these events, parents will feel your support as they pass down their Christian faith to their kids. Through this event, you will equip parents to take an active role in their kids' spiritual development by giving them ideas, tips, and guided practice in conversations with their kids that center on a spiritual truth.

This *Plant a Pizza Garden* event creates a fun atmosphere for families as they work together to plant seeds that will grow into pizza toppings. Along the way, parents will be guided to interact with their kids through Parent Prompts.

After planting seeds together, Family Discipleship Time centers on a spiritual truth kids of all ages can understand. At this event, you'll talk about the gift of salvation. The **Faith at Home Page** invites parents to continue having regular conversations at home with their kids about their faith and values.

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

PREPARING FOR THE EVENT

Who's invited?

The goal of this event is to help parents and caregivers take an active role in the spiritual development of the kids in their lives. It's easily adaptable to grandparents and grandkids, or any adult who is in a discipleship role with a kid or youth. Ideally, adults who attend this event should understand the importance of God's role in their lives and recognize their need for a Savior.

Setting

This event is designed to take place in any meeting space large enough to accommodate participants sitting at tables as families to do the activities in this Event Guide.

Event Host

Determine who will be the primary host. This individual will lead this event. The Welcome and opening prayer are great ways to include your lead pastor.

Promotion

Use the provided media graphics to promote this event in your kids, youth, and adult services as well as through social media and email communication.

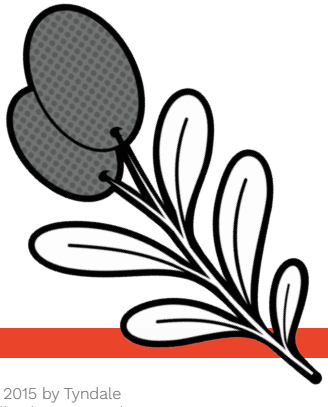

Media

Themed media graphics are provided to allow you to create a visual presentation for this event. Graphics include a 5-Minute Countdown Video, Title Slide, motion graphics, and more!

Volunteer Roles

This event is uniquely designed to require minimal volunteers. Recruit volunteers from small groups and Sunday School classes, senior adult ministry, and/or youth group. Volunteers should be old enough to perform responsibilities with minimal supervision and should be background checked prior to the event to ensure safety for all who attend. Roles may include these tasks:

- purchasing and organizing the supplies
- event setup and teardown
- assistance with activities
- prayer team
- table mentors who facilitate conversation between parents and kids as needed

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

© 2024 by The General Council of the Assemblies of God. All rights reserved.

PREPARING FOR THE EVENT

You Will Need

- ☐ Bible
- ☐ Small paper cups, 1 or more per person
- ☐ Paper towels, 1 or 2 sheets per person
- ☐ Dirt, enough to fill each cup 2/3 full
- ☐ Seeds, 2 or 3 per kid (for example, tomato, basil, oregano, green pepper)
- ☐ Plastic spoons, 1 per person
- ☐ Craft sticks, 1 per cup
- ☐ **Seed Cards**, 1 per cup
- ☐ Bowls of water, 1 per table
- ☐ Markers
- ☐ Optional: Stickers for decoration
- ☐ **Parent and Caregiver Page**, 1 per family
- ☐ **Faith at Home Page**, 1 per family
- ☐ Optional: Aprons or large trash bags cut to cover clothes

Getting Ready

Days before the Club

- ☐ Read through this guide.
- ☐ Think about how to adapt the event to best reach your group.
- ☐ Practice the activity if needed.
- ☐ Recruit volunteers.
- ☐ Promote the event.
- ☐ Pray for the families who will attend.

Day of the Event

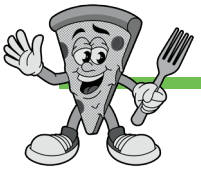

- ☐ Set up the room.
- ☐ Get ready for messy! Spread newspaper or paper towels on the tables and floor.
- ☐ Lay out supplies on the tables.
- ☐ Tape or glue **Seed Cards** onto the craft sticks.
- ☐ Print **Seed Cards**, 1 sheet per 10 seed cups.
- ☐ Print the **Parent and Caregiver Page**, 1 per family.
- ☐ Print the **Faith at Home Page** (2 pages front to back), 1 per family.

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

ORDER OF EVENT

☐ **Welcome – 10 Minutes**
Welcome participants, pray together, and introduce the focus of the event.

☐ **Family Activity Time – 20 Minutes**
Guide families step-by-step through the event's activity, guiding parents to engage with their kids.

- Distribute supplies to participants.
- Play upbeat background music to bring energy to the event.
- Instruct volunteers to walk around and assist as needed.
- Encourage families to ask questions if they are confused.

☐ **Family Discipleship Time – 10 Minutes**
Present a spiritual truth to encourage faith conversations.

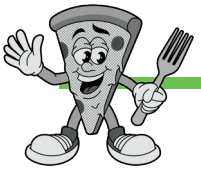

- Have families sit together and ask them to give you their attention for this time.
- Encourage everyone to focus and try to refrain from conversation at the table and to avoid getting up during this time unless necessary.

☐ **Closing – 5 minutes**

- Close in corporate prayer and then ask parents and kids to pray together as a family unit.
- Encourage parents to review the **Parent and Caregiver Page,** at-home activities, and Scripture.
- If your next event has already been scheduled, encourage parents to preregister for the next event as soon as possible.

PLANT A PIZZA GARDEN

Adapt this Event Guide as needed to best fit the participants who attend.

Welcome

10 MINUTES

Hey, everyone! I'm so glad you could come today! We're going to have a great time and make some great memories together as we plant seeds that will grow into a pizza garden. Before we start, let's begin by praying.

> Dear God, thank You for everyone here today. I know You love everyone who is here. Help us to learn more about You together. Amen.

Warm-Up Activity

- *Hand out a copy of the* **Parent and Caregiver Page** *to each parent.*

Before we start planting seeds, let's warm up by talking to each other. With all the technology we have today, sometimes talking face-to-face doesn't happen enough. Sometimes when we are shy or have a quiet personality, talking out loud can be tough. But talking to one another is such an important part of being a family! To kick off our time together, parents, I'd like you to ask your kid the Sharing Together question from your **Parent and Caregiver Page**. Then, kids, I'd like you to ask the adults the same question. Here it is:

> What would your perfect day look like if time and money didn't matter?

- *Allow about five minutes for this activity. But, if conversation is still flowing, allow additional time.*

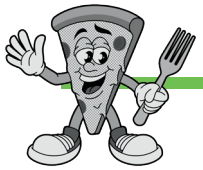

Introduce the Family Faith Topic

I hope you discovered a lot about each other from sharing that question. Today, we're also going to discover things about God. One of my favorite things about God is that He is a creator. In fact, He is *the* Creator. He created everything that exists in our world and in outer space and in the whole universe. Isn't it amazing to think that God designed each star, each snowflake, each seashell, and each one of us? We must be pretty special!

Today we're going to explore one of the many characteristics of God. Who knows what a *characteristic* is? *(Group response)* A characteristic is a special quality that makes an individual or group different from others. For example, some of your unique characteristics may be that you are funny, artistic, or good at sports. Those are all examples of characteristics. They are part of who you are and help determine what you are like and what you do well. So, parents, I'd like you to share this with each of your kids.

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

© 2024 by The General Council of the Assemblies of God. All rights reserved.

Tell your kid what your favorite positive characteristic is about them.

- *Allow a few minutes for this activity. However, if conversation is still flowing, allow for additional time.*

Great job! I hope everyone knows what *characteristic* means now. Parents, sometimes we use words that are unfamiliar, like the word *characteristic*. It's important to make sure that kids understand those words so they can understand what we're telling them. Especially if we have grown up in church, certain words or phrases that we use may not be fully understood by our kids. It's important to take time to use examples and check for kids' understanding so our kids don't get lost.

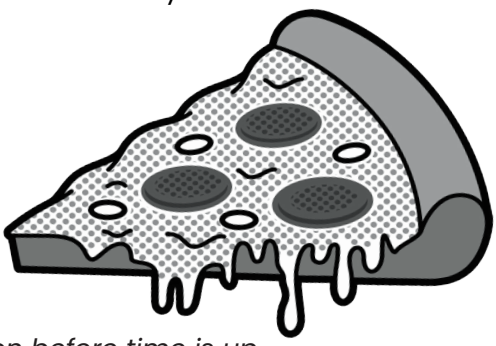

So, today we're going to explore one of the characteristics of God: Creator. To find out more about God's characteristic of being our Creator, where would be the best place to look? *(Allow responses.)* We want to look in the Bible. *(Hold up the Bible.)* The Bible is the best place to learn all about God and all the characteristics that make Him who He is.

We live in a world full of too much information. Whenever we can, it's very important to turn to the Bible as the final authority in life. The authority and infallibility of Scripture is something that is important for everyone to understand. I just used two more words that some of us might not know what they mean, so I'll explain them.

The *authority* of Scripture means that the Bible should guide the decisions we make. God should have the final say in our life.

The other word is *infallibility*. Let's see who knows what *infallibility* means. Families, I'll give you three choices. Then, I want you to talk as a family to decide which one is your answer. What do you think *infallibility* means? Which one of these is the meaning? Talk together to choose your answer.

A. the ability to fall down
B. perfect and worthy of our trust
C. right most of the time

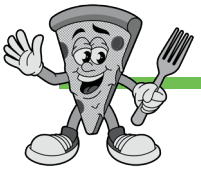

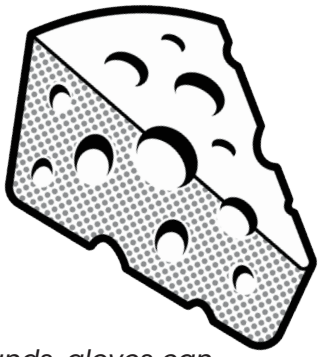

- *Allow discussion time. You might want to reread the question before time is up.*

What's your answer? Shout it out! *(Group response)* The right answer is B. The Bible is perfect and worthy of our trust. When we use the word *infallibility* to describe the Bible, we mean that there are no errors in what it teaches and says to us. We believe that every single word we read in the Bible was put there by God's design and can be trusted. Using everyday moments like this to point back to the Bible as our starting reference point can make a big impact in our life. We'll talk more about God as our Creator in a little while, but first let's do our activity.

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

FAMILY ACTIVITY TIME

20 MINUTES

Ready . . .

Optional: Have kids cover their clothes. Additionally, if a kid struggles with messy hands, gloves can be worn to prevent hands from feeling dirty.

Today we're going to plant a garden. Parents, to get started, read Parent Prompt 1 from the **Parent and Caregiver Page.**

- *Pause while parents read the prompt.*

> Parent Prompt 1: I'm so glad we get to spend some time together doing something fun! While we learn how to plant a garden today, we're also going to learn some awesome things about God. Did you know that God created you? The same God who made the flowers, the trees, and all the animals took time to create you—and He made you in such a special way.

Set . . .

There are a lot of ingredients that go into making a pizza. What are some of the things you like on pizza? *(Allow responses.)* We can actually grow quite a few of them! Each of you needs a cup and a spoon as well as some dirt.

- *Hand out the supplies for seed planting (cups, paper towels, dirt, seeds, plastic spoons, craft sticks,* **Seed Card***, and water). Both kids and adults may do this activity.*

Take your cup and fill it a little more than halfway full with dirt. If you want to use a spoon to transfer the dirt into the cup, do that. When you put the dirt in your cup, don't pat it down too tightly. Keep the soil loose so that the little sprouts will have room to wiggle their way to the top and grow. Parents, assist your kids as needed.

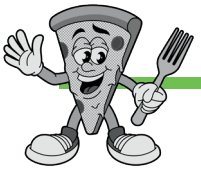

- *Pause while parents and kids complete these instructions.*

Next, take your pointer finger and stick it down in the middle of the dirt in your cup, up to your second finger joint. That joint, the place where your finger bends, should be touching the dirt. This should be about half a finger length. This is the hole where you will plant your seeds.

- *Assist kids as needed.*

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

© 2024 by The General Council of the Assemblies of God. All rights reserved.

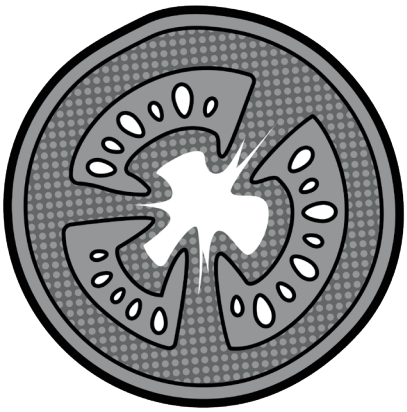

Parents, read Parent Prompt 2:

- *Pause while parents read the prompt and everyone follows the instructions.*

> Parent Prompt 2: You did a great job getting your seeds' new home ready! Now, choose which seeds you want to plant in each cup. Only plant one type of seed in each cup. But, you need to plant two or three seeds of the same kind in each cup. Sometimes seeds don't sprout and you want to make sure you get something growing well in each of your cups. Now you can pick out the type of plant you'd like to grow.

Does everyone have your seeds picked out? *(Group response)* You're doing such a good job! Okay, it's time to plant. Carefully place your seeds in the hole that you made in the dirt in your cup.

- *Assist kids as needed.*

When you have the seeds in the hole, very carefully, without packing down the dirt too firmly, cover the seeds and fill the hole with dirt.

- *Kids may need assistance in covering up the seeds without applying too much pressure to the dirt, which can cause the sprouts to have a tough time breaking through.*

Now, because little seedlings look a lot alike as they start to grow, you'll put a craft stick with a label in each cup, so you can remember what you planted there. You want to put the craft stick as close to the edge of the cup as possible so it doesn't interfere with the growth of your newly planted seeds. First, parents, write the name of the seeds on the card. Then, kids, put the craft stick in each cup.

- *Assist kids as needed.*
- *Optional: If time permits, hand out stickers so kid can decorate the outside of their cups.*

Wow! Your pizza garden looks amazing! As we finish up, parents, please read Parent Prompt 3 to your kids and walk them through the final steps.

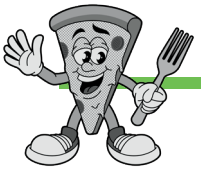

- *Pause while parents read the prompt and everyone follows the instructions.*

> Parent Prompt 3: Plants need three main things to grow. Do you know what those things are? *(Allow responses.)* They need air, sunlight, and water. They'll get air, even though it seems like they are buried under the soil. You'll place your cups in a window to make sure they get some sunlight, although seedlings don't require direct sunlight. And finally, you'll give them a little drink of water to help them start growing. Because your seeds are so tiny, they really don't need much water. You only need to put in a very small amount. So, add a couple of spoons of water to each cup. Then you'll need to water them every few days at home too.

- *Have kids moisten their dirt with a couple of spoonfuls of water.*

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

Go . . . Deeper!

There's one more thing to do while we're planting our pizza garden. Did you notice there are some words written on the back of the **Seed Cards**? *(Group response)* Just like we planted seeds into the soil in order to grow, we need to plant something even more important into our lives—God's Word. That's why we have a special Bible verse today. Let's read it together.

> God created everything in the heavenly realms and on earth. He made the things we can see and the things we can't see. Colossians 1:16 (NLT)

I hope that every time you water your seeds you'll say this Bible verse too!

FAMILY DISCIPLESHIP TIME

10 MINUTES

Let's keep talking together about God, our Creator. The same God who created the entire world and everything in it created you and me. Not only did He create everything, He gives new life to things.

Do you know what it means to have new life? *(Allow responses.)* Sometimes we use this to mean actual new life. For example, raise your hand if you have a brother or sister who is younger than you. *(Group response)* Do you remember when they were born? *(Group response)*

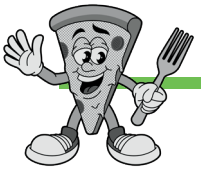

A new baby being born is one way that new life begins. But for Christians, new life can also mean living in a new way. For us, new life means something really special. All people have sinned, and that separates us from the life God wants for us. Do you know what *sin* is? *(Group response)* Sin is anything we do, say, or think that goes against the things God tells us to do or not do. Most of that we can read in the Bible. Sin is also knowing the right thing to do but not doing it. To know what God thinks is right and wrong, we have to spend time reading the Bible. That helps us know what God expects of us and how He expects us to act. He also can help us know what's right when we pray.

The Bible tells us about a place a long, long time ago called the Garden of Eden. God made this place, and it was perfect. There was no death, no sickness, no sadness, and no sin there. God also created two people, Adam and Eve, who lived there. Sadly, they made a decision to disobey God. That caused sin to enter God's perfect world. Sin separates people from God, and all of us have sinned. Let's talk about what that looks like. Kids, do your parents ever say no to something you want to do, and you want to disobey them and do it anyway? *(Group response)* That's what it can be like when we want to disobey God, too.

Because we sin, that means that we automatically deserve to live apart from God forever. But God wanted to provide a way for us to be able to still go to heaven to live with Him one day. Do you know what He did? *(Allow responses.)*

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

© 2024 by The General Council of the Assemblies of God. All rights reserved.

He sent Jesus, His Son, to die on the Cross for our sins. Jesus came to earth and lived a sinless life. Do you know what *sinless* means? *(Group response) Sinless* means that Jesus lived an absolutely perfect life. He never said a bad word, He never told a lie, and He never disobeyed God's Word. Even though Jesus never ever sinned, He was punished like He had sinned, and He was put to death on a cross. He died for you and me so our sins could be forgiven. Then three days after His body was buried, He rose again!

Jesus died and came back to life to help us have new life. He offers that life to us freely as a gift. How many of you like gifts? *(Group response)* When we accept Jesus' gift, we become part of God's family. If we ask Him to forgive us of our sins, He will come into our heart and give us new life, too.

This new life isn't just for some time in the future. It can start today! We may not look any different on the outside. But on the inside we start to change. That's a lot like the seeds you just planted. They'll start to grow and change, and then soon you will see them sprout and pop out of the dirt.

That's what happens to new Christians too. When we have Jesus in our life, the way we think, act, and speak will all start to look different. Jesus begins to make us more like Him. For example, maybe you were using words that don't please God. Or maybe you were doing unkind things to your brothers and sisters or your friends. When Jesus comes into your life, you'll see how those choices were wrong and not pleasing to God. Jesus will help you to act less like the old you and more like Him.

Just like our plants need time and special things to help them grow, we won't grow into the people God wants us to be instantly. It takes time, and it takes work. With water, sunlight, proper care, and patience, our plants will grow into something amazing that will provide us with beauty and great tasting food. In the same way, if we read our Bible, pray, and spend time with other Christians, we will also grow into something beautiful, something that will start to look like Jesus not only on the inside, but also on the outside.

- *Invite parents and kids to ask Jesus into their life and pray together.*

Optional: Salvation Prayer

We've talked about how Jesus came to be our Savior. He came to earth and died on the Cross, so He can forgive our sins and give us a new life just like the seeds we planted will grow new life. But maybe you realized that you've never asked Him to come and give you new life. I want to give you time to do that right now! If you'd like to invite Jesus to be your Lord and Savior, let's pray together.

- *Invite kids to come forward to pray with you or have everyone repeat the prayer after you.*

> Dear Jesus, I believe You came and died on the Cross so that I can be forgiven. Please forgive my sins and make me a new person. I want to live for You now. Thank You for coming into my life. Amen.

I hope that gardening, planting new seeds, or doing some other activity that celebrates new life helps you to remember that God is our Creator. I hope this becomes a tradition in your family!

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

CLOSING

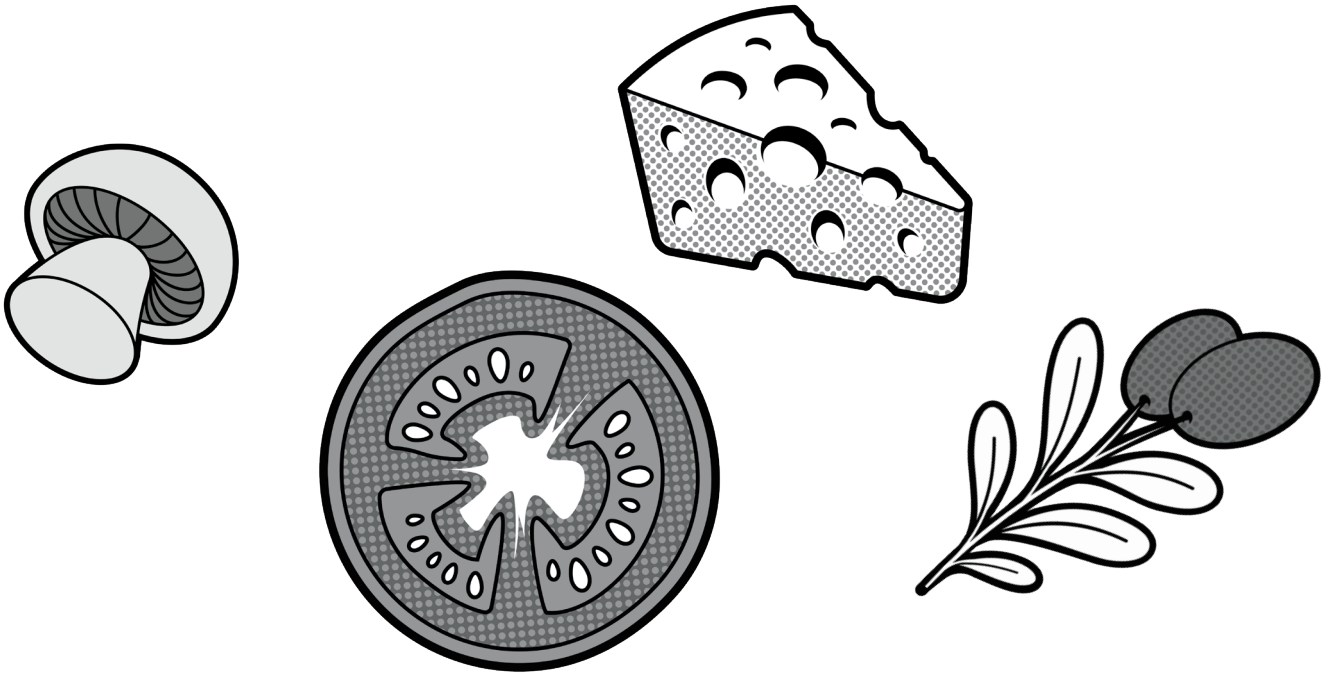

5 MINUTES

Before we finish, I'd like to encourage each of you parents to pray for your kids and ask God to bless the truth that has been planted in their hearts and minds today. So, parents, get close and place your hands on your kid's head or shoulder and pray a blessing over them. A prayer of blessing is provided on your **Parent and Caregiver Page**, or just use your own words.

- *Allow time for parents to pray for their kids.*

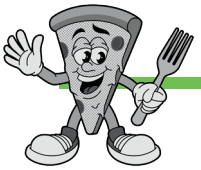

I'm so glad that you came today. I hope you enjoyed planting a pizza garden. I pray God helps you grow closer to Him as you keep talking about your faith together.

- *Ask everyone to help clean up their space before they go home.*
- *Hand out a* **Faith at Home Page** *to each family. It has activities to help families continue to grow in their faith at home.*

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

PARENT & CAREGIVER PAGE

The leader will tell you when to share the following.

Sharing Together

What would your perfect day look like if time and money didn't matter?

Parent Prompt 1: Affirmation

I'm so glad we get to spend some time together doing something fun! While we learn how to plant a garden today, we're also going to learn some awesome things about God. Did you know that God created you? The same God who made the flowers, the trees, and all the animals took time to create you—and He made you in such a special way.

Parent Prompt 2: Instruction

You did a great job getting your seeds' new home ready! Now, choose which seeds you want to plant in each cup. Only plant one type of seed in each cup. But, you need to plant two or three seeds of the same kind in each cup. Sometimes seeds don't sprout and you want to make sure you get something growing well in each of your cups. Now you can pick out the type of plant you'd like to grow.

Parent Prompt 3: Interaction

Plants need three main things to grow. Do you know what those things are? *(Allow responses.)* They need air, sunlight, and water. They'll get air, even though it seems like they are buried under the soil. You'll place your cups in a window to make sure they get some sunlight, although seedlings don't require direct sunlight. And finally, you'll give them a little drink of water to help them start growing. Because your seeds are so tiny, they really don't need much water. You only need to put in a very small amount. So add a couple of spoons of water to each cup. Then you'll need to water them every few days at home too.

Parent Prayer of Blessing

Pray over your kids. Say your own prayer or read the following.

> God created everything in the heavenly realms and on earth. He made the things we can see and the things we can't see. Colossians 1:16 (NLT)

(Name of kid), it's amazing to know that the same God who created everything we can see and even things we can't see is the One who created you. He loves you so much that He sent His Son to die on the Cross for your sins. I hope you always remember that you were created by God and He has a purpose for your life!

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.

© 2024 by The General Council of the Assemblies of God. All rights reserved.

PIZZA NIGHT

Use this family activity to continue to share your faith with your kids at home.

Make or order a pizza to enjoy together as you talk about the following:

SHARING TOGETHER

If you could have any pizza topping that you've never had before, what would you choose? *(After everyone has answered)* Whose pizza topping would you most like to try?

PARENT PROMPT 1: AFFIRMATION

I love how creative you can be! Did you know the Bible says we are wonderfully created? We know that God is our Creator. He is the One who chose to make you and me creative too.

PARENT PROMPT 2: INSTRUCTION

That reminds me of the Bible verse we are learning. Let's say it together.

God created everything in the heavenly realms and on earth. He made the things we can see and the things we can't see. Colossians 1:16 (NLT)

The things we can see, the things we can't see like feelings, and even things in heaven, were all created by God. Isn't it amazing to know that He is the same God who made us? He loves us so much that He sent Jesus to die on the Cross for our sins. It is important to remember this incredible truth so let's try to memorize this verse about God, our Creator, together.

PARENT PROMPT 3: INTERACTION

What is something that you can see that God created?

What is something that you know God created but you can't see it?

Emotions are something that God created that we can't see. Let's talk about one emotion that we felt today. (Share your example first. Talk about how God helps you with your emotions. Then have your kids share.)

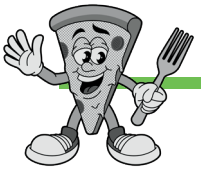

Is there anything you'd like me to pray about with you?

PARENT PRAYER OF BLESSING

Pray for any requests that your kids shared. Then close with a prayer of blessing for your kids:

> Dear God, thank You for creating *(name of kid)* and loving us so much. I ask *(he or she)* always remembers that *(he or she)* was created by You and chooses to live for You! Amen.

BONUS ACTIVITIES

Have more time or need an alternative activity to do as a family? Choose one or more of the activities listed below to teach the same faith value in a different way:

Bonus Activities

- *Make a meal together that uses vegetables or fruit grown from seeds.*
- *Hatch eggs (chicken, turkey, or duck) and watch the little birds grow by using an egg candle. Learn about how God provides all the nutrients the baby birds need to grow inside their egg. You could also discuss how God provides the little birds an egg tooth so they can break open, or hatch out of, their egg when it's time.*
- *Start a community garden for your church or neighborhood. When it's time to harvest, invite the church or your neighbors to share in a "make your own pizza" night.*
- *Visit a farm and ask the farmers to show you their seeds and their crops. Why did they choose to plant the crops that they planted?*
- *Interview a farmer at a local farmer's market about how he or she grows their crops of food. What challenges do they face as they grow their crops throughout the year?*

Scripture quotations are taken from the Holy Bible, New Living Translation, copyright ©1996, 2004, 2015 by Tyndale House Foundation. Used by permission of Tyndale House Publishers, Carol Stream, Illinois 60188. All rights reserved.
